# HOW TO USE

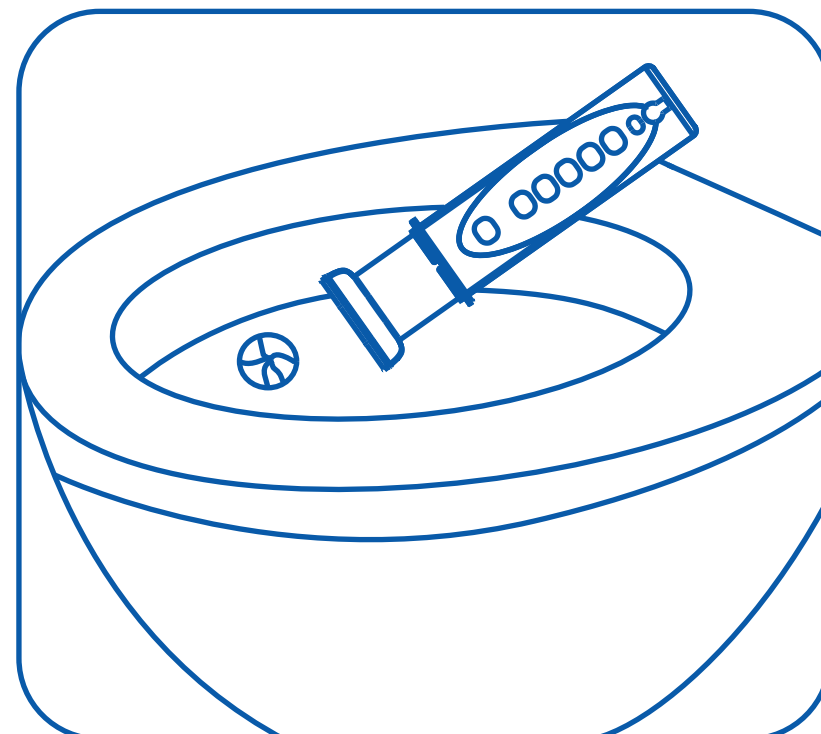

## STEP 1

Insert the button of the new gel container into the first notch (hole) on the blue handle until it clicks into place.

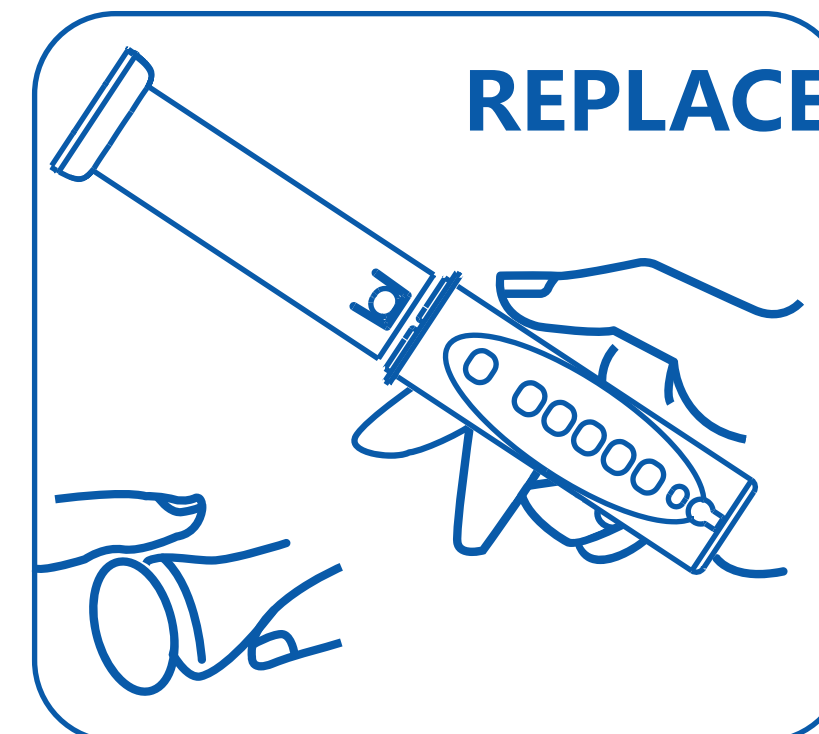

## STEP 2

Remove the cap and press the tip of the gel container firmly against the flat surface inside the toilet bowl.

## STEP 3

Push the handle toward the toilet until the button clicks into the next notch (hole). When you pull the gel container away from the toilet, one application of gel will be released.

## STEP 4

After use, securely close the cap and store it in the box as is.
